

Safety Guidelines

- Follow all instructions from TCS staff
- Make sure to bring any valuables inside with you and lock your car while inside the studio space.
- In the event of an emergency situation, follow the instructions of the staff and exit the studio space
- Be mindful of your surroundings in the studio. We will do everything we can to ensure that cabling and equipment are not trip hazards, but for certain set ups, there may be cables on the floor or stands that you may need to walk around. Be aware of this when entering the studio spaces and ask the staff if there is anything you need help with.
- Do not move any of the studio equipment. If assistance is needed, contact TCS staff.
